- Beach blanket/towel

**EarPods (3.5 mm) – this is the model that will fit the built-in tv on the plane. If you have a long flight, I recommend these. Some airlines provide them on the plane, but they are not great quality.*

**Biker shorts – I recommend wearing these under skirts/dresses to prevent chaffing if you plan to walk a lot.*

**Light cardigan - You will need a cardigan or shirt that covers your shoulders to go into any religious establishments including the Vatican. It gets hot in Italy, so I recommend just taking one with you to wear while touring those sites.*
